

South Alabama Rural Training (SART) Program addresses the ongoing need for trained administrative support professionals in rural healthcare facilities! Please support us by giving input about your organization's needs regarding non-clinical supporting staff.

Student scholarships will be offered to cover full tuition fees, stipends, books, and other related educational expenses to reduce financial barriers to student participation.

Non-clinical Healthcare Careers:

- Medical Coding & Billing
- Insurance Claims Processing
- Electronic Health Records
- Medical Administrative Assistant
- Medical Office Manager, etc.

Scan this code to complete the survey.

Join us in sharing your knowledge and hiring needs for non-clinical healthcare careers.

All responses are confidential.

Complete the survey for the chance to win one of three \$50 gift cards
