

Four of the highest need health careers in Alabama are:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_

Occupational Therapists help these patients develop, recover, and improve the skills needed for daily living and working. They make \_\_\_\_\_ per year!

Registered Nurses provide and coordinate patient care. They make \_\_\_\_\_ per year!

Dentists diagnose and treat problems with patients' teeth, gums, and related \_\_\_\_\_.

Diagnostic Medical Sonographers use \_\_\_\_\_ to generate images used for assessing and diagnosing various medical conditions.

There are huge \_\_\_\_\_ of \_\_\_\_\_ in rural/country areas.
